Dearest René

many thanks for yr letter written on April 3rd
This is not a reply but a note only
to ask you if you ever received three letters
sent in answer to ~~letter~~ about 4 letters
for you & in my last note I ~~explained~~
especially asked if you would kindly
say whether or not my letter had arrived safely.
especially the one thanking you for going to Cardiff
& giving that T.V. talk. & also sending my
love to Rosiland and her coming wedding.
I simply cant understand how none of my
letters have arrived, or what they have.
Could you do an angelic errand
& send a card note saying yes or no
because I'm greatly puzzled as to
what happened to them — I put
the right address & a 3 penny stamp.
whether right is or not. & also
my address here on back of envelopes
I wrote this note in the hope
that it will arrive safely, as it
worries me very much to write
you may not have had
an answer to your letter
since the one in typescript
with in January, whereas
I have written a number of
times since then — and
imagine you must think me
very beastly not to have
written any sort of reply
whereas I have, But would
be most grateful if you
send me a note telling me
that why had arrived.
for I cant write a proper
letter if it may never
reach you.

In great haste
much love
Dai.
